

THREE POLICEMEN LOSE THEIR JOBS

Commissioner Partridge Discharges Two Bluecoats in This Borough and One in Brooklyn This Afternoon.

Police Commissioner Partridge this afternoon dismissed from the force three patrolmen who had been tried and found guilty on charges. The men were Edward Kealey, of the Fifth street station; Patrick J. Kane, of the Church street station, and Patrick Dougherty, of the lower Fulton street precinct in Brooklyn.

Kealey was tried in July for having failed to arrest Sadie Resgan after she had thrown acid on a policeman. Kealey knew the woman and was instrumental in procuring a bondsman for her. Kane was dismissed for absence without leave and Dougherty for assaulting a Secret Service agent.

FEARED HIS WIFE POISONED FOOD.

Hales Would Not Eat It and for This and Other Reasons She Has Obtained a Legal Separation.

On the ground of neglect, Mrs. Catherine Hales, a Frenchwoman, has just got a separation from John Hales, a silk merchant, of No. 138 Front street, this borough. The case was tried in the Supreme Court at St. George, S. I. The couple have been living at Ellingville. They have three children, who go to the wife.

She swore he had threatened to kill her, and had refused to eat any food prepared by her, saying she wished to poison him. Hales did not deny the charges, saying he had justification.

BABY HIPPO WEANED FROM MRS. MURPHY

Lotus Separated from Its Mother for the First Time—All Placid in Winter Quarters at the Park.

Baby Lotus was to-day weaned from its big hippopotamus mother, Mrs. Murphy, of the Central Park Menagerie.

Caliph, Mrs. Murphy and Baby Lotus were all placed in their winter quarters. The work of removal and weaning began early. Keepers under Director Smith erected a roadway from the tank where the big animals have been all summer to the tank in the lion house.

An effort was first made to move Mrs. Murphy. She absolutely refused to leave her tank, although everything tempting to the palate of a hippopotamus was tried. She was abandoned for a time and Calith was coaxed to enter the roadway. Prodded with pitchforks, he was driven into the lion house and to the winter tank.

Then they went back to Mrs. Murphy. She was not inclined to leave Baby Lotus. Finally, after much prodding, she was induced to enter the roadway. Then she was driven into the winter tank with Calith.

Lotus was easy. The young hippo eagerly climbed out of the tank and walked through the roadway. Instead of permitting the baby to enter the same tank with its mother Lotus was led into another tank.

This aroused Mrs. Murphy. She caused considerable trouble by throwing the water out of the tank and frightening the lions, which chased up and down the cages.

This is the first time Lotus has been away from its mother and the first time Calith has been permitted to be in the same tank as Mrs. Murphy since the baby was born.

USED ACID FOR OIL. Nurse's Mistake Caused the Death of a Pittsburgh Physician.

PITTSBURGH, Pa., Sept. 19.—Dr. Daniel L. Wasser, of No. 325 South Highland avenue, a patient in the West Penn Hospital, suffering with typhoid fever, was given an injection of carbolic acid instead of oil by the nurse, and in a short time died.

The nurse had two bottles at hand, one of oil and the other carbolic acid. The latter was administered in mistake, and the physician died in great agony.

MITCHELL AND GOMPERS. Both Leaders Will Speak at Madison Square Mass-Meeting.

GETTYSBURG, Pa., Sept. 19.—The dedication to-day of the monument erected on the Gettysburg battlefield to the memory of Gen. Henry W. Slocum attracted a very large attendance of veterans.

Special trains brought Gov. Odell, of New York; Murphy, of New Jersey; Stone of Pennsylvania, and other distinguished men, including Gen. Daniel E. Sickles and Mayor Low, of New York.

The Seventh Regiment, National Guard of New York, Col. Appleton commanding, arrived this morning and marched to their camp at the eastern base of Cemetery Hill.

The morning was occupied with regimental and corps reunions, the whole merging into general reunion at the court-house shortly before noon, which was presided over by Gen. H. A. Tremain.

ARCTIC STEAMER FRAM BACK SAFE.

Passed Utsire To-Day and Took Pilot on Board—Exploration Work Reported by Lieut. Peary.

HAUGESUND, Norway, Sept. 19.—The Arctic steamer Fram, homeward bound, with the Sverdrup expedition on board, passed Utsire to-day and took a pilot on board.

Lieut. Peary, who reached Sydney, N. S., yesterday in the Windward from the Arctic region, said in his report to the Peary Arctic Club in this city:

"The Fram left Godhavn about Aug. 30 bound home. She has been in Sommer Sound, from where it is understood explorations were made to the northwest. One death (a Bremen) is reported since. Others on board said to be well."

Capt. Otto Sverdrup, who was in command of the Fram during Dr. Naansen's expedition to the North Pole in 1896, said from Christiansia, Norway, for the Arctic regions June 24, 1898.

The Norwegian Government, which owned the Fram, granted the captain permission to use her and presented him with a sum of money with which to fit out the vessel.

WOULD OVERTURN CONTRACT Street-Cleaning Commissioner Dissatisfied with Brooklyn Work.

Street-Cleaning Commissioner Woodbury seeks to terminate the contract for the removal of garbage in Brooklyn which was recently awarded to James Mundy.

Numerous complaints have been received by Mr. Woodbury regarding the manner in which the contractor is doing the work, for which he is paid \$5,250 a month.

Mr. Woodbury to-day addressed a communication to the Corporation Counsel requesting that a decision be given on the matter.

It is said the Commissioner favors the Brooklyn Sanitary Utilization Company, which originally had a day-to-day contract for the removal of garbage and which bid \$9,533 for the job at the time the Munday bid was accepted.

OUT OF PRISON A WEEK. Gordon Tried to Loot the Home of a Roundsmen.

George Gordon, who was released from prison last week and who attempted to rob the home of Roundsmen Flushing at No. 94 Third avenue, Brooklyn, the day he was released, was sentenced to a year's imprisonment to-day in the Court of Special Sessions.

While the roundsman and his family were at dinner Gordon busied himself in the front rooms packing up articles of clothing. Miss Ida Flushing saw him and chased him into the back yard, where she grabbed his legs as he attempted to jump the fence. She held him until her father arrived and took him to the police station. Gordon has served several terms in prison.

REPUBLICANS NAME DELEGATES TO-NIGHT

Assembly District Conventions Will Choose Men to Go to Saratoga—Platt and Others Will Go To-Morrow.

Conventions will be held by the Republicans in all the Assembly districts to-night to name delegates to the State Convention at Saratoga on Tuesday. There may be some argument in the Second District, where Michael Hines defeated the leader, Dennis Shea, at the primaries, but a compromise has been proposed.

About the State and county headquarters to-day every one is preparing for the exodus to the State Convention. Transportation has already been engaged. Senator Platt, with the officers of the State Committee, will start to-morrow afternoon on the 1 o'clock train over the New York Central.

The headquarters at Saratoga will be at the United States Hotel. Col. Dunn, Chairman of the State Committee, with Senator Platt and some of the other leaders, have engaged cottages on the hotel grounds. There will be a meeting Monday night at which the final arrangements for the convention will be discussed. Temporary and permanent officers will be decided upon.

It is generally understood that Lemuel E. Quigg will be chosen as temporary Chairman and Senator T. E. Ellsworth as permanent Chairman.

The time of the convention will be occupied by the speeches of the chairmen and deliberations of the Committee. Mr. Quigg's address will be a long one. He will discuss the State and outline the methods of the campaign.

The Committee on Resolutions will not be ready to report until late in the second day of the Convention.

BIG TROLLEY CHAIN FOR WESTCHESTER

Railroads to Join in Gridironing County, and Giant Loop Will Be Built at White Plains.

(Special to The Evening World.) WHITE PLAINS, N. Y., Sept. 19.—The Huckleberry Electric Railway Company and the New York and Portchester Rapid Transit propose to build a giant electric loop at White Plains, by the means of feeders and connecting lines, so that the whole county will be made an objective point for a chain of trolleys which will gridiron all of Westchester.

Portchester will be the terminus of the rapid transit system and a trolley road will be built to White Plains which will act as a feeder. Another new trolley will be built to Kensico and the line at Tuckahoe which passes through Neppeshaug avenue from Yonkers will be extended so that it will connect with the road now being built from Mount Vernon, through Bronxville, Tuckahoe, Scarsdale and Hartsdale to White Plains.

The Westchester Traction Company will also construct an electric road from Pleasantville to White Plains, and with the Tarrytown branch and the line to Mamaroneck-on-the-Sound, the county seat will be the terminal of the big electric system.

According to a plan now on foot a trolley road will be constructed over Westchester avenue from Portchester to White Plains. This road would pass Caph Farm, the country seat of White Plains, and the homes of Oliver Harman, Jr., and Trenor L. Park.

In order that a fight with the mill-aires may be avoided the company will buy property in that section.

LET'S TALK IT OVER.

So much has been written in Greater New York's newspapers during the past few months about pianos, both as to prices and names; what the purposes of certain firms were in handling pianos and the huge benefits to be obtained, that it may be of interest to you to know that we are still selling pianos, and that 50 per cent. more pianos were sold by us during the past three months than during the corresponding months of any year since we opened our piano warehouses 25 years ago. How did we do it? Simply by attending to our own business, and being less noisy than our highly vocal competitors. That alone. We have not attempted to give the impression that ours is the only honest store in which honest pianos can be bought. Bless your heart, no. There are other piano stores. What we did do was to sell pianos at a fair margin of profit and on legitimate and agreeable terms, and we will continue to do so.

You are going to buy a piano this fall or winter, why not buy it now? You can have it at your own terms. Let's talk it over.
